VERSION 3

Every woman who saw samples of *Hawthorn* while we worked on the pattern said the same thing: "I want one!"

Whether you make it up as a pretty peplum blouse, a more traditional shirtdress, or a sleeveless summer frock, this pattern is just plain charming. Try it in a light chambray or seersucker for summer, or a beautiful wool crepe for the cooler months.

The tailored structure and menswear details (like the sleeve placket on version 2) make this a true classic, while a flattering semi-circle skirt, neckline notch, and semi-fitted bodice keep it feminine and pretty. It's the perfect reason to dig into those vintage glass buttons you've been saving.
