

MABEL is a quick and easy skirt that can be made in just an hour! Versions 1 and 2 are mid-thigh length skirts, and version 2 is embellished with a faux placket and center buttons. Version 3 is an above-the-knee length pencil skirt with seam details and a kick pleat. All three versions are pull-on style with a mid-rise, contoured waistband.

SUPPLIES: All purpose thread, ballpoint needles, twin needle, five 1-inch buttons (version 2)

MAIN FABRIC: Double knit, rib knit, french terry, or heavy weight jersey knits

LINING FABRIC: Medium- or lightweight jersey knits

VERSION 1

VERSION 2

VERSION 3

Mabel is a quick, easy, and versatile skirt pattern. It is also your perfect introduction to sewing with knits! Because it uses heavy knit fabrics, you get all the benefits of sewing with stable wovens, along with the speed and comfort of sewing with knits. For the beginner, that translates into sure-fire results - you will successfully sew this skirt in one afternoon. And if you're more experienced, you'll take advantage of how fast this garment comes together and whip up several skirts in a day.

Because *Mabel* can be sewn up in three different styles, it's a great wardrobe staple. Versions 1 and 2 are mid-thigh length skirts, ideal for warm spring and summer days or worn with a sweater and leggings in the winter. Version 2 is embellished with a faux placket and center buttons. Version 3 is an above-the-knee length pencil skirt with seam details and a kick pleat.

All three versions are pull-on style with a mid-rise, contoured waistband.
